Hello.

This is a reminder that you have registered for the 310 Combined Fundamentals Training. The start date is 5 Nov at 8:30 am MST.

My name is Jordan Kent, and I'll be your instructor. The training will take place at our headquarters in Boulder, CO. We offer breakfast and lunch everyday, and dinner on Wednesday. If you have any food allergies please let us know so we can get something for you. We have computers here, but you can bring your laptop if you like.

If you cannot make this course, please email myself and training@logrhythm.com.

You should be able to access LogRhythm University here via: https://logrhythmcommunity.force.com/.

A few tips for logging in to the course:

1. Please arrive a bit early so that all connection issues are resolved before the beginning of class.
2. If you are attending virtually, login to course via LogRhythm University – this should be available on your landing screen.
    a. Open up the course and connect to the Go To Meeting via the "Join" button.
3. Please download the training material via the link provided in the Materials section of the course you are registered for in LogRhythm University.
    a. PDF copies can be downloaded from LogRhythm University prior to class.
    b. Please let myself and training@logrhythm.com know if there are any issues downloading the file ahead of your scheduled training.
4. We recommend checking your connection to our Virtual Training Environment by going to https://logrhythm.instructorled.training/precheck.
    a. LogRhythm is not responsible for slow connections from your location. If you need help due to slow connection speeds, please contact get-support@readytech.com.
5. Virtual Machine codes and access for training labs will be distributed after the start of class.
    a. We will allow time to work out any connection issues.
    b. Please don't hesitate to ask questions.

We look forward to our time together!

Thank you!

Jordan Kent
